## Community Enhancement Grant Application Criteria

### I. RCUW Information

**RCUW** – RCUW has a clearly stated mission, approved by its Board of Directors, resulting in improved lives from strengthening local Roane County (R.C.) communities. RCUW makes decisions based on this mission and is aligned with community impact priorities identified by engaging the R.C. communities in an extensive needs assessment facilitated by subject matter experts from University of Tennessee’s Social Work Office of Research and Public Service.

### III. Community Enhancement Grant Purpose

Community Enhancement grants support the RCUW service model (depicted above Figure) with a focus on efforts to influence a community. A community (for the service model’s purpose) is defined by a demographic and/or may be considered as a large subset of Roane County citizens (examples include: children in elementary school; women living outside the four cities, young adults between the ages of 19 and 30; etc.). Specific examples of successful community initiatives may be found in “Charting a Course for Change: Advancing Education, Income and Health through Collective Impact, April 2013” at (<http://unitedwayroane.org/>). Community Enhancement grants may also be used towards assisting with an emerging need.

The Community Enhancement Grant is based upon the belief that united, we can drive positive change in our community. When people mobilize together for a common goal, they create positive and lasting changes that can multiply to build a stronger community for all of us. Community Enhancement Grants are another way United Way works with the community to make Roane County a better place for all of us.

**This year the Community Enhancement Grants will be given out four times during the 2022 fiscal year beginning in January. The applications schedule is as follows:**

Jan.- March- Awarded by April 15<sup>th</sup>.

April.– June Awarded by July 15<sup>th</sup>.

August – September Awarded by Oct 15<sup>th</sup>

Oct. 15- Nov. 15<sup>th</sup> Awarded by Dec. 15<sup>th</sup>

Community Enhancement grants will vary in awards but will not exceed \$5,000.00 per award. Grants are provided to charitable, community-based organizations serving Roane County and registered with the state of TN. Organizations working on “great ideas” and creative projects that bring people together to help improve the quality of life for Roane County residents are encouraged to apply. Each grant should positively influence a Roane County Community (community is to be defined by a demographic). Grant Proposals include one-time events/projects that present the opportunity to make a significant difference in one of the identified target areas (service gaps identified by the needs assessment) or can be an

ongoing service that the organization is not receiving Roane County United Way dollars. Organizations are **encouraged** to partner and/or **collaborate** towards creating a more thriving region for people to live, work and raise families.

The project/service must support Roane County residents and the lead organization must have a current registration as charitable organizations operating in the State of Tennessee (unless exempt from registration). The grant will ONLY be awarded for work towards a charitable purpose.
